Dedication

We were looking for a person with outstanding qualities-fierce loyalty, an intense belief in the value of the individual, unwavering dedication to duty, high moral character and invoilable honesty. We have found such a person during a search which took us no farther than the office of our principal, Mr. Frank Miller.

Mr. Miller came to us in 1968 from Woodstown High School where he had served as instructor in agriculture and math for the past eighteen years. He holds a bachelor of science and a masters degree from Rutgers, and has accumulated thirty-eight credits towards his doctorate. He and his wife, Gloria, have three children, ages 16, 12, and 10. He has served as president of the New Jersey Vocational Agricultural Teachers Association, president of the Woodstown High School Teachers Association, president of the Future Farmers of America, and is currently secretary of the New Jersey State Advisory Committee Association, as well as a member of the Epsilon Tau Fraternity.

The members of the Class of 1972, in fondest admiration, are proud to dedicate this second volume of THE GOLDEN WARRIOR to our principal, Mr. Frank H. Miller.

Board of Education

Mrs. Kathryn E. Conlin, President, Mr. Thomas H. Lowers, Vice President, Dr. Ernest Schreiber, Dr. Anthony B. Petrongola, Mr. Donald C. Springle, Superintendent, Mr. N. John Amato, Board Secretary, Mr. William C. Davis, Solicitor. NOT PICTURED: Mr. Hugh Reilly, Mr. William E. Lovett, Treasurer, Mr. Edmund D. Bowman, Financial Consultant.

The Board of Education of the Camden County Vocational and Technical Schools, together with the Superintendent and other administrative officials, have the very demanding and challenging job of operating our school and our sister school in Pensauken. Policy-making, budget-planning, building and expansion programs, personnel and the setting of priorities are all included in the scope of their work.

Varied experiences meet and combine in the membership of our board of education. Among the members are a librarian, a building inspector, a transportation foreman and a construction administrator as well as an educator. All members except one are parents, and all have had varied experiences working with young people in schools, churches or social situations. These experiences enable them to do for our educational system the fine job which they consistently do.

Administrators

Each of you is about to enter a confused but demanding world. Ever since you were old enough to know what was happening around you, you have wanted to try your own wings-to do your thing. With graduation comes an opportunity to begin to do your own thing-in a world that my generation has improved but not made it perfect. Take this world if you will, be thankful that your parents have tried to improve and are turning over to you a better world than the one they received when they were your age.

You have been a credit to yourself as evidenced by your readiness for graduation May you always be a credit to your school, your parents and yourself.

Congratulations and my sincere wishes for your future.

Donald C. Springle, Superintendent.

FACULTY

Congratulations to the third graduating class of the Gloucester Township Campus. Your class has played a vital role in developing many of our fine school activities. I sincerely hope that you are now prepared to meet the challenges of the world of work or continued education. Best wishes for success in all your future endeavors.

Frank D. Miller, Principal.

Hearty congratulations to the members of the graduating class of 1972. In the years ahead you will experience your share of disappointments, frustrations, and failures. However, I am confident that the training you have received and the character you have built will carry you through to greater accomplishments. The best of luck to all of you.

Edwin F. Bacon, Vice-principal

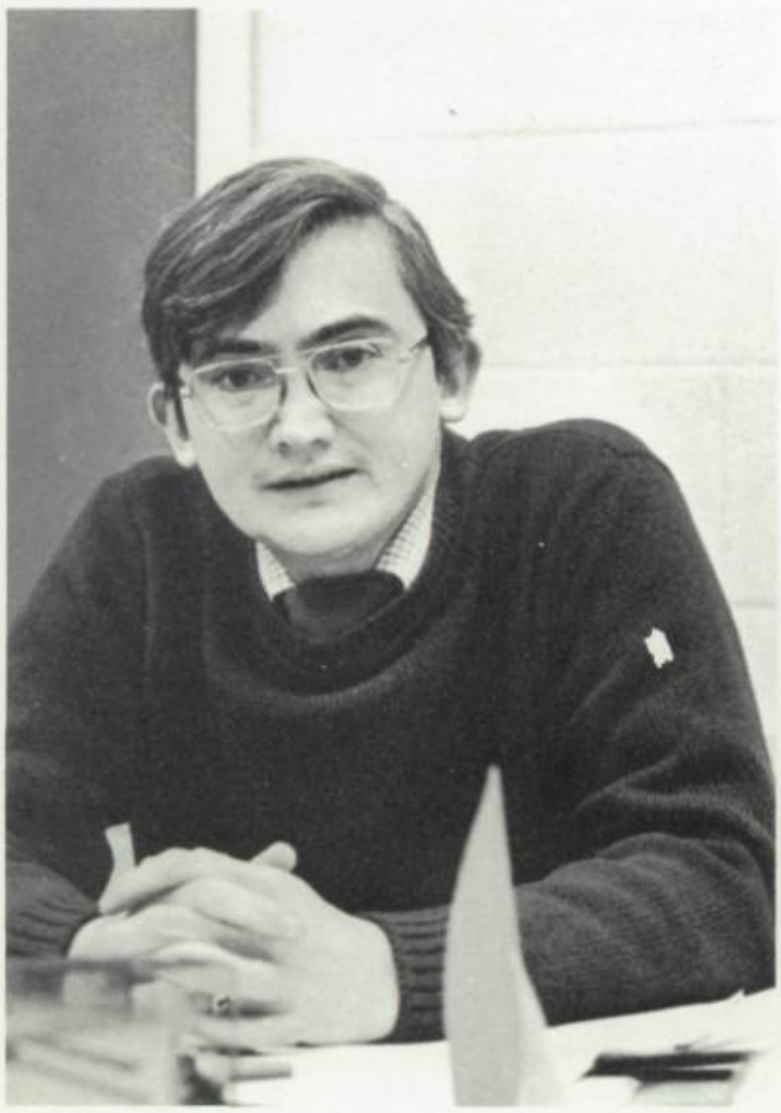
Guidance

In your Vocational training at CCVTS you have and investment which will grow steadily in value. The insights you gained from your association with all the people on the GTC will be a source of satisfaction in the years ahead. God Speed.

Mrs. J. Miller

This June will mark the passing of some true pioneers who rank high among my student-friends. Congratulations to the entire class of "72".

Mr. J. Mayer



In this world actions speak much louder than words, but not nearly as often. Good Luck!

Mr. M. Gallagher

The major barrier to mutual interpersonal communication is our tendency to judge, approve, or disapprove the other person or group. Be courageous! Be willing to run the risk of being changed! Listen with empathy!

Mr. W. Weiley

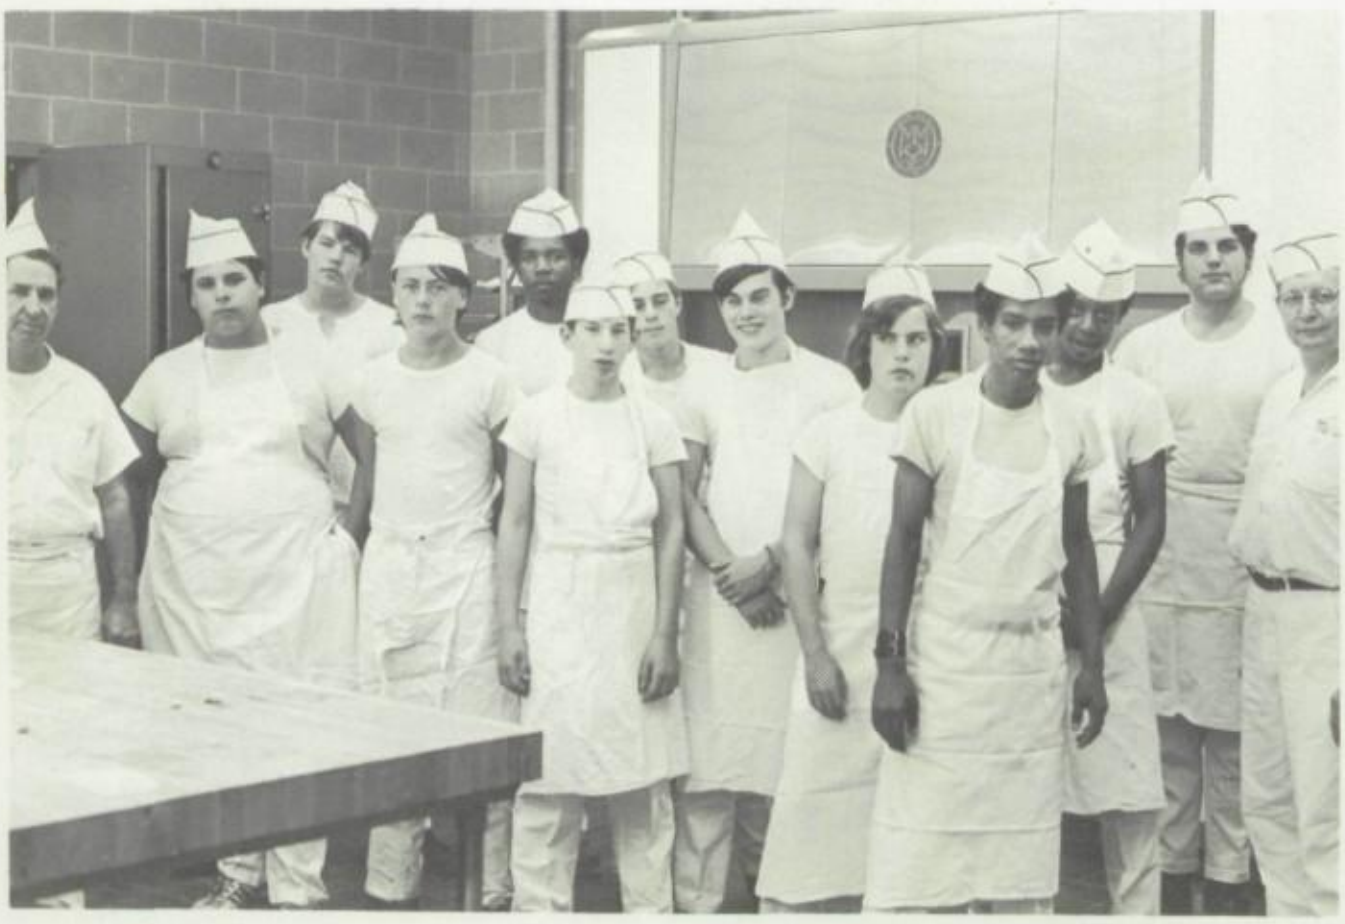
Class Motto-"Be a life long or short, its completeness depends on what it was lived for".

CLASSES

Baking

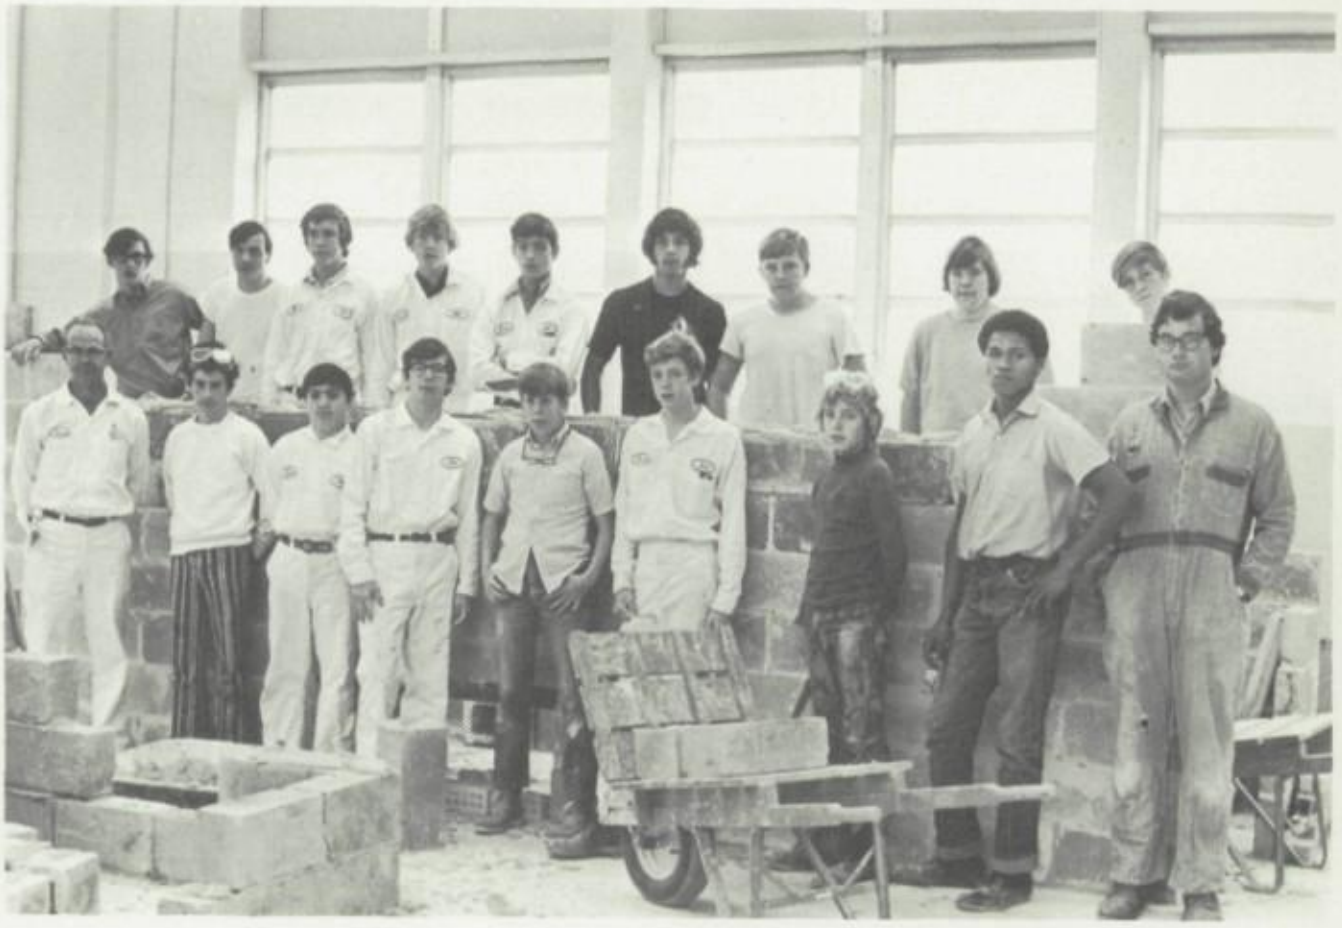
Mr. A. Baals, T. Mortra, Mr. L. White, W. Edwards, A. Ligameri, K. Gerhard, J. Heintzelman, W. Liebermann, N. Woodrow, D. Smith, D. Bishop.

The four-year course in baking gives students all the basic details of this field, training them to prepare, display and sell their products. They also learn the creative art of cake decorating.



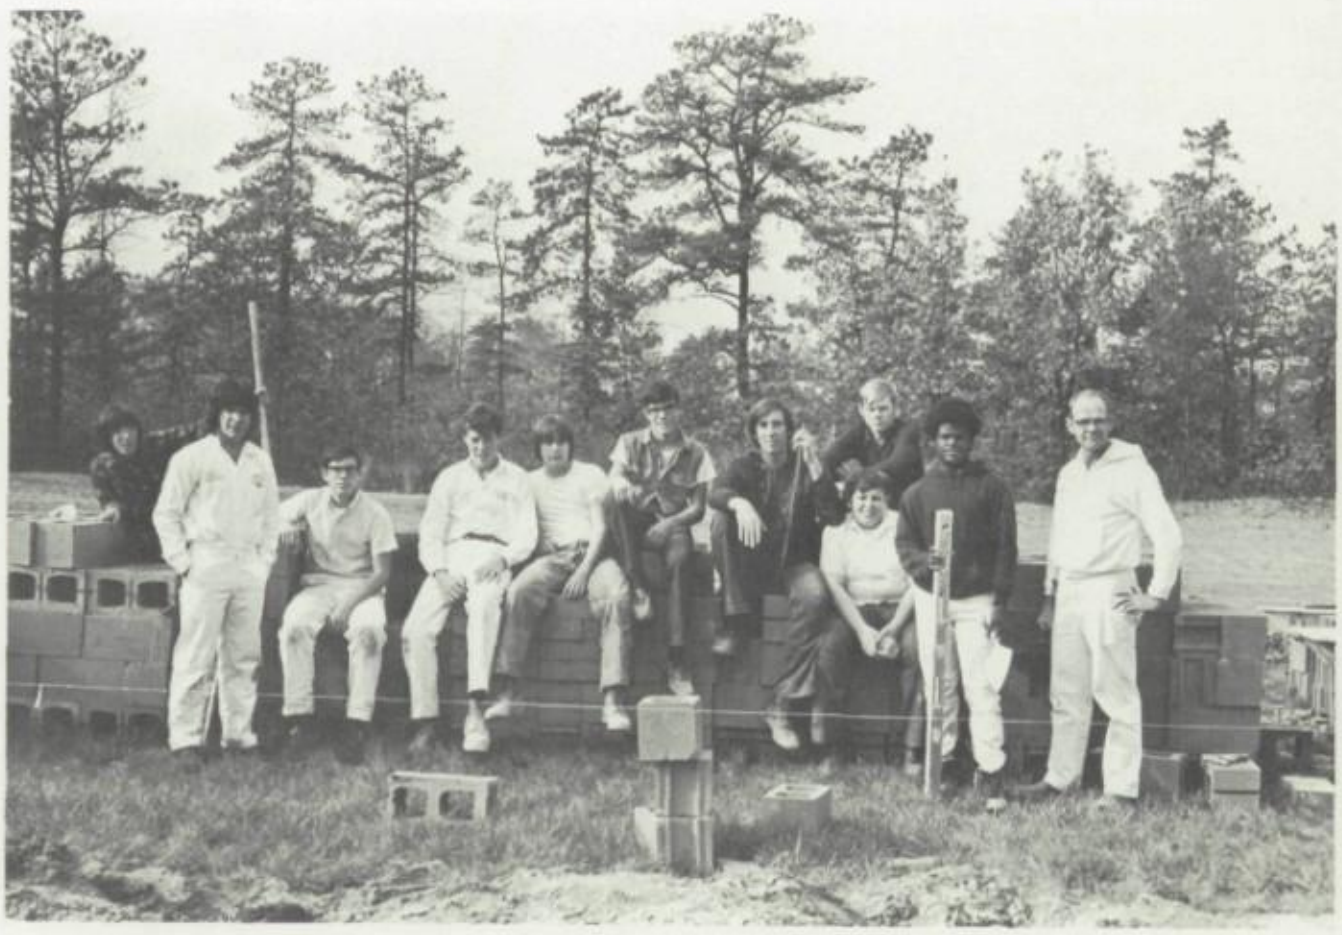
Mr. L. White F. Campanella, T. Lowe, C. Smith, M. Goldsboro, L. Dorrell, D. Aupperle, S. Magowan, R. Parker, C. Nieves, C. Collins, J. Hanby, Mr. A. Baals.

Masonry



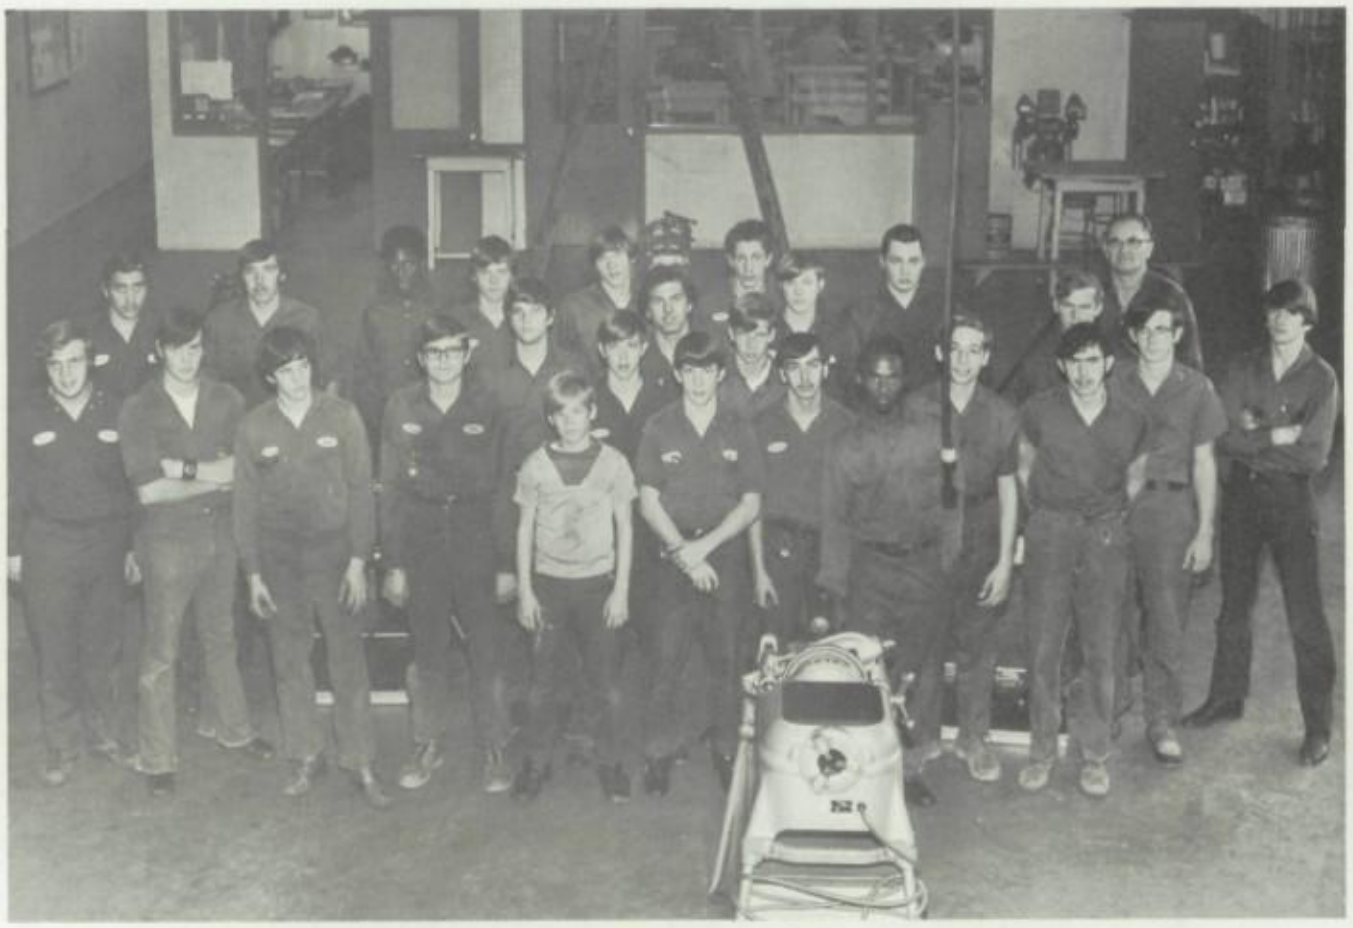
Mr. Ahl, L. Riley, P. Preziosi, J. McNally, R. Johnston, H. Schiurer, C. Flack, J. Leftridge, J. Rabbai, SECOND ROW: G. Berstler, D. Wentzel, R. Cooey, M. Murray, J. DiDomenico, K. Dorney, P. Jamison M. Loeffler, C. Bryan.

Masonry students learn how to lay blocks and bricks. They also learn to lay footings for all types of construction. In this shop especially, "Practice makes Perfect."



G. Giardino, B. McCracken, K. Sapoznick, D. Woolston, J. Raymond, K. Sapoznick, J. Roletter, P. Liwock, J. Hunnewell, C. Grey, Mr. Ahl.

Plumbing

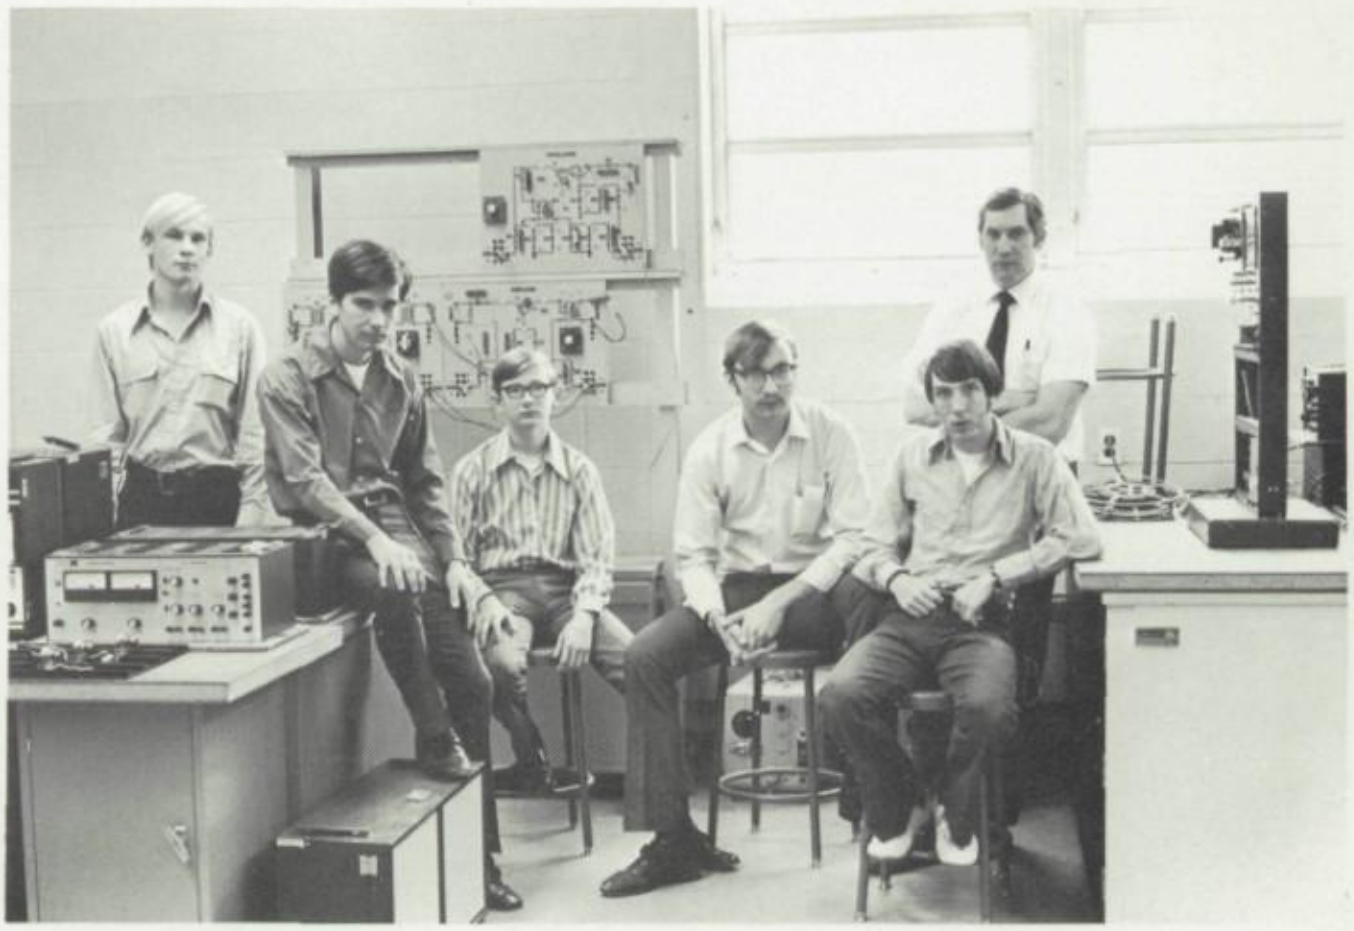


FRONT ROW-LEFT TO RIGHT: H. Deblase, J. Fidanza, S. Baxter, D. Brownlow, J. Sloss, J. Schaffer, R. Deblase, S. Brown, V. Scriboni, P. Saber, T. Leisenburg, D. O'Brien 2nd ROW: J. Staller, J. Ward, J. Head, J. Hanzel, M. Yost, L. Deeney LAST ROW: M. Healey, W. Kopakowski, G. Dillard, G. Rooney, G. Standen, G. Prodell, E. Cook, Mr. Holodnak.

This course includes all the fundamentals of modern plumbing systems, blueprint reading and drawing, directed toward a thorough knowledge of trade skills.

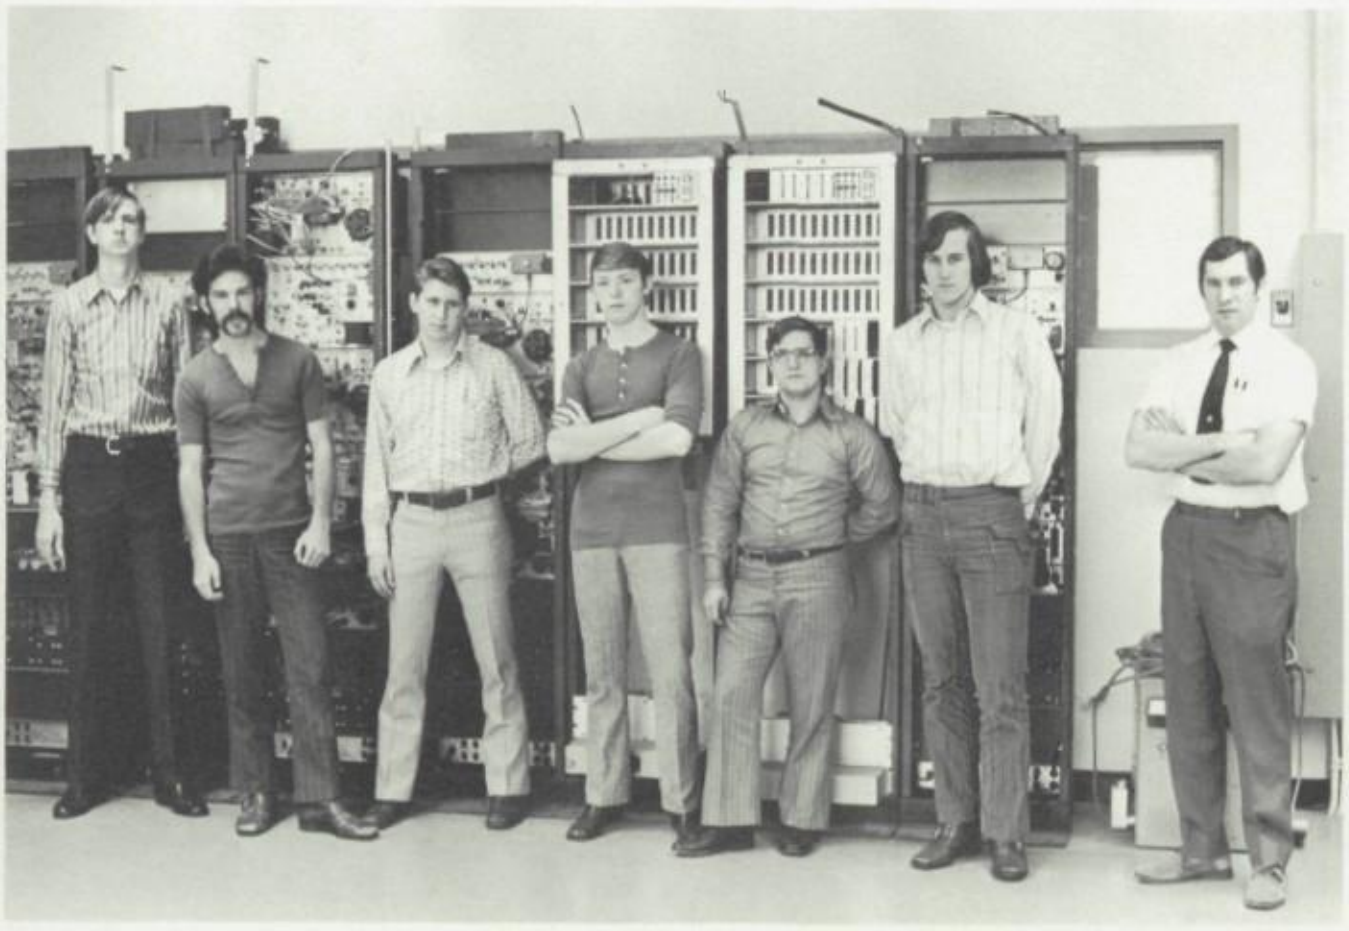
FRONT ROW-LEFT TO RIGHT: F. Daywalt, H. Simpkins, P. Bastie, J. Buckholt, M. McKee, T. Cronk, 2nd ROW: A. Calezniak, R. Dube, L. Lush, J. Kasian, S. Fogliano, J. Lewis, W. Niedoba, R. Emmons, K. Holloway LAST ROW: R. Callahan, K. Foster, J. Galezniak, M. Vitagliano, W. McFeeters, J. Moran, Mr. Holodnak.

Electronics



W. Marsey, W. Maguire, C. Reiner, J. Jacobs, J. Haddix, Mr. Bielicki (instructor).

Student laboratory activities center around experiences which develop skills in analysis and measurement of electronic circuits.



T. Britton, C. Yerka, W. Johnson, M. Neubaum, L. Bruccoliere, P. Mayer, Mr. Bielicki (instructor).

Printing

Mr. Calvelli, K. Williams, D. Rasbold, T. Devlin, W. Clickstine, B. Egolf, J. Garrity, M. Widman, M. Jefferson, K. Groves, J. Bada, R. Wilkerson, J. Carter, W. Werner.

The student of printing learns to operate various types of presses and other machinery, and also learns appropriate forms for different types of printed materials.

Mr. Calvelli, J. Antinone, M. Highland, F. Giansanti, C. Brooks, D. Petty, M. Berg, D. Haddix, P. Leonhardt, D. Hunt, T. Brennan.

Radio and Television

1st ROW: C. Dougherty, R. Bird, R. Lefever, P. Williams, 2nd ROW: M. Wilberforce, F. Reaves, R. Snyder, D. Pecific, R. Buntem. 3rd ROW: D. Lord, C. West, D. Johnson, Mr. Auge.

RADIO & T.V. SHOP involves all the aspects of repairing AM or FM radios, black and white and all types of color television sets.

Mr. Auge (instructor), and R. Jones.

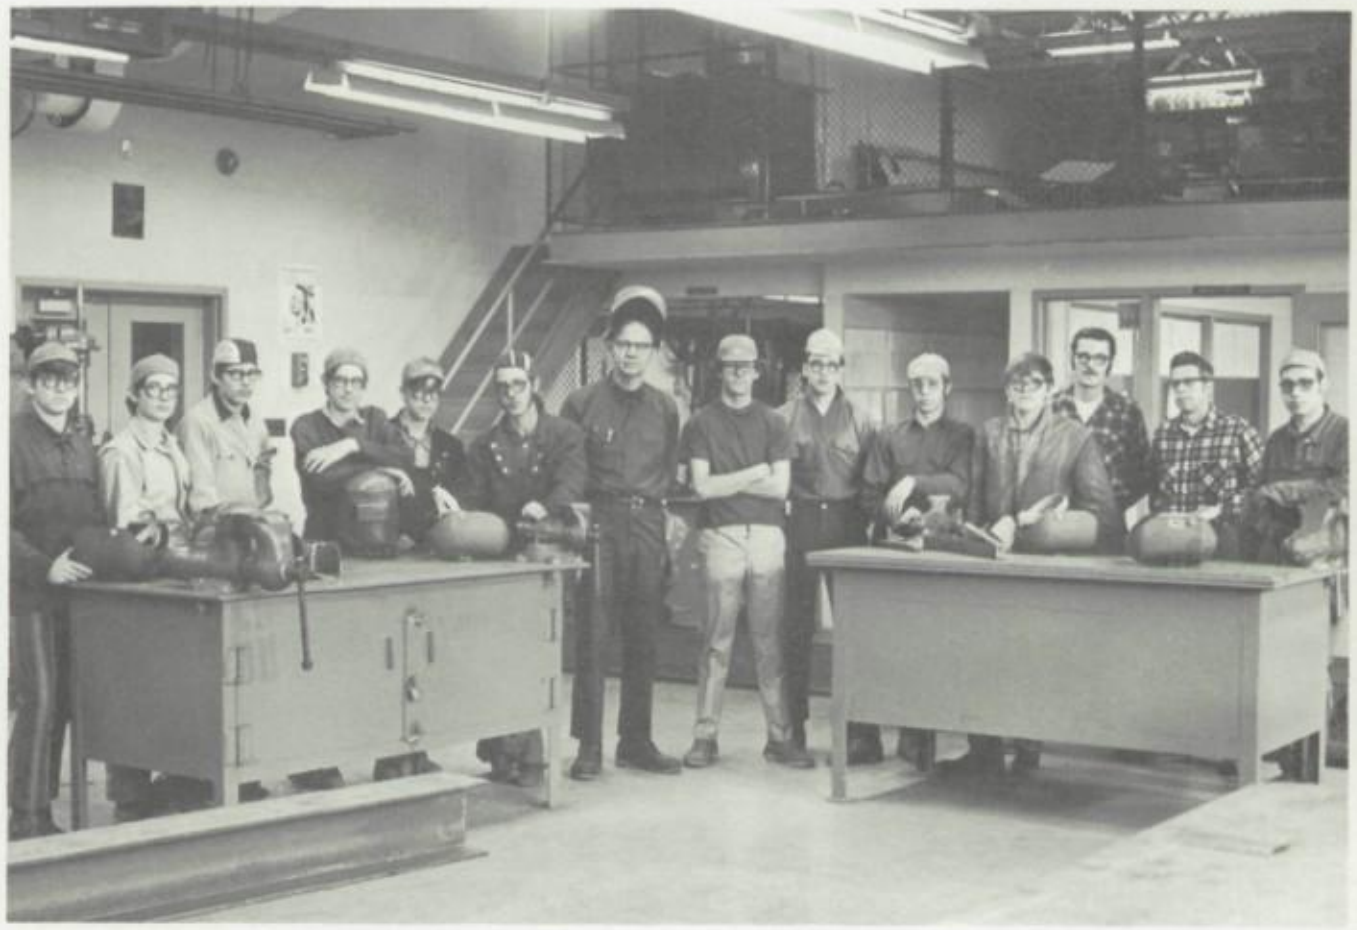
Beauty Culture

SITTING: A. Lyons, D. Duffy, J. McKenna, L. Rose, P. Gangluff, STANDING: Mr. Curcio, R. Crosset, T. Ambroselli, P. Briggs, A. Applegate, S. Somers, M. Damato, C. Pederick, J. Tallman, R. Pascale, S. Barker, S. Nachman, B. Blake, J. Lester, S. Kennedy, S. McIntire, P. Paul, A. Phillips.

In cosmotology the students learn all phases of beauty culture, including necessary anatomy, physiology, histology, chemistry and shop management.

SITTING: D. Geverd, R. Plum, R. Mararano, M. Welsh, K. Miller, T. Eustace, I. Good, L. Witcraft, STANDING: Mrs. Kramer, S. Devoe, V. Gullo, M. Negro, B. Barton, J. Fullbrook, F. Smedile, J. Miller, I. Vargus, J. Morgan, K. Poponi, C. Myrtetus, B. Volmer, J. Jackson.

Welding



Ed German, Mike Oehrl, John McFeely, Charles Bennett, Steve Long, Robert Sharer, Robert Schraden, (instructor) Ed Riley, Danny Koskiewich, Rick Zadroga, Allen Todd, Donald Walters, John Donnelly, Frank Fantasia.

Welding, a two or four year course, instructs in all methods of welding used in industry, including arc, gas and heliarc types.

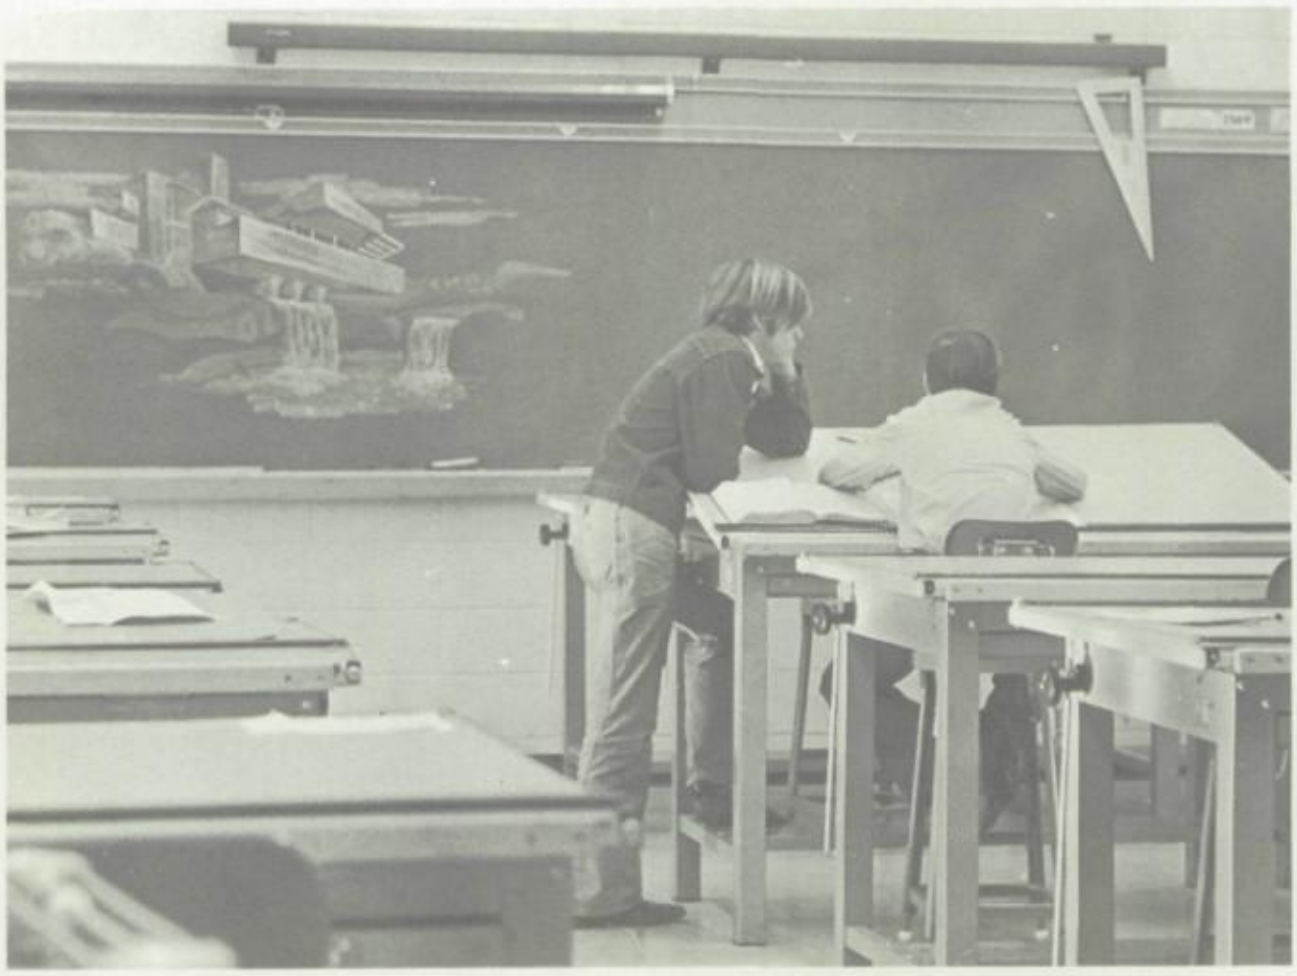
FRONT ROW: Stuart Counsellor, John Vitale, Joe Cataldi, Dave Hensley, John Bernhardt, Clinton Harrell, Harold Wakeley, James McCarson, Robert Schrader (inst.) Paul Sandrock, James Monteith BACK ROW-James Cullinan, Thomas Bilderback, Douglas Gottscall, Paul Tripoli, Angel Rivera.

Architectural Drafting

LEFT TO RIGHT: B. Williams, J. Joyce, K. Jackson, Y. Arthur, L. Lyons. 2nd ROW: B. Quick, T. Crist, B. Gravenor, J. Calhoun, D. Worley. BACK ROW: B. Jackel, R. Ivins, M. Kunkel, Mr. Haines.

Architectural Drafting

Architectural Drafting students spend two years learning the fundamentals of construction design of buildings, along with landscaping techniques and presentation methods.

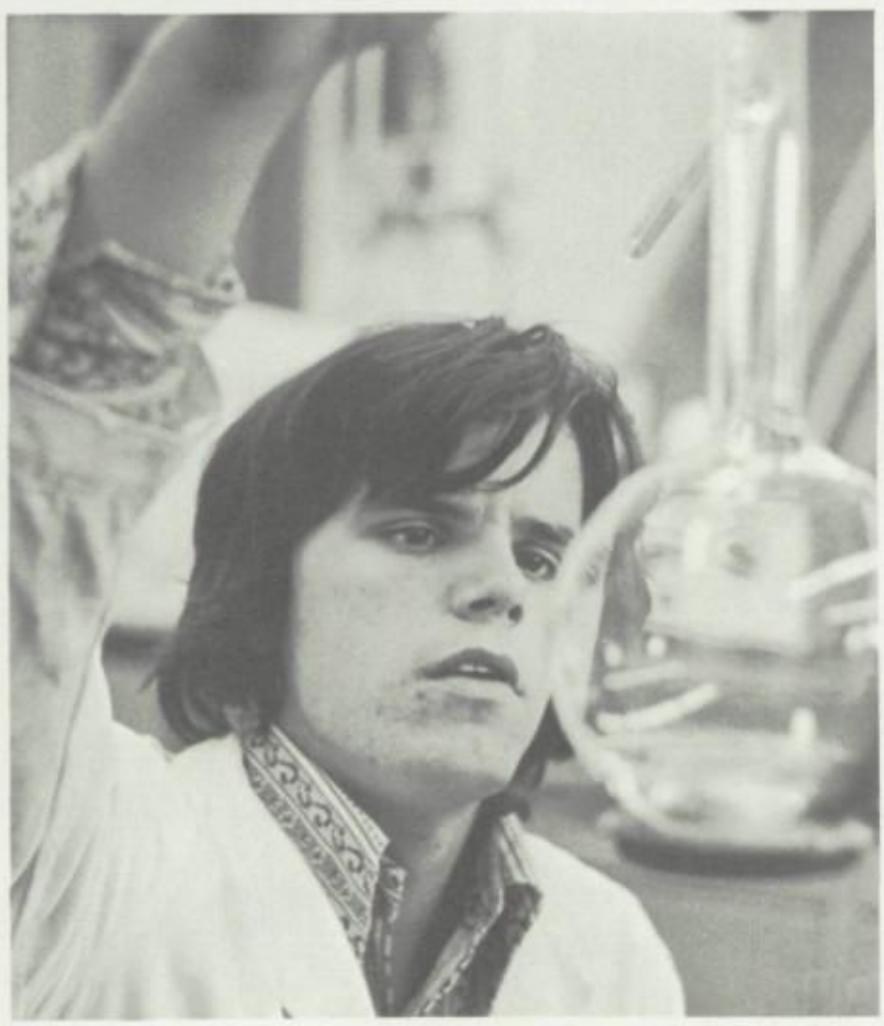


Concentration is required to produce accurate work; these two young men seem to have mastered the art well.

Chemistry

SITTING: G. Cella, 1st ROW: S. Hartman, M. Hill, T. Smith, C. Meehan, V. Jones, B. Hehl. 2nd ROW: D. Ciarfrani, Mr. Jenkins, K. Brown, D. Self, A. Walker, D. Schwegel, J. Saba, C. Turner. 3rd ROW: T. Skobodzirski, M. Van-Auker, D. Laughlin, G. McDonald. 4th ROW: G. Rettinger, L. Braddock, J. Galon, R. Rivera, G. Wakefield.

Chemistry students explore the full scope of the chemical field--laboratory procedures, semi-micro qualitative analysis, instrumental analysis and organic chemistry.



W. Kirksey mixes a compound for experimentation.

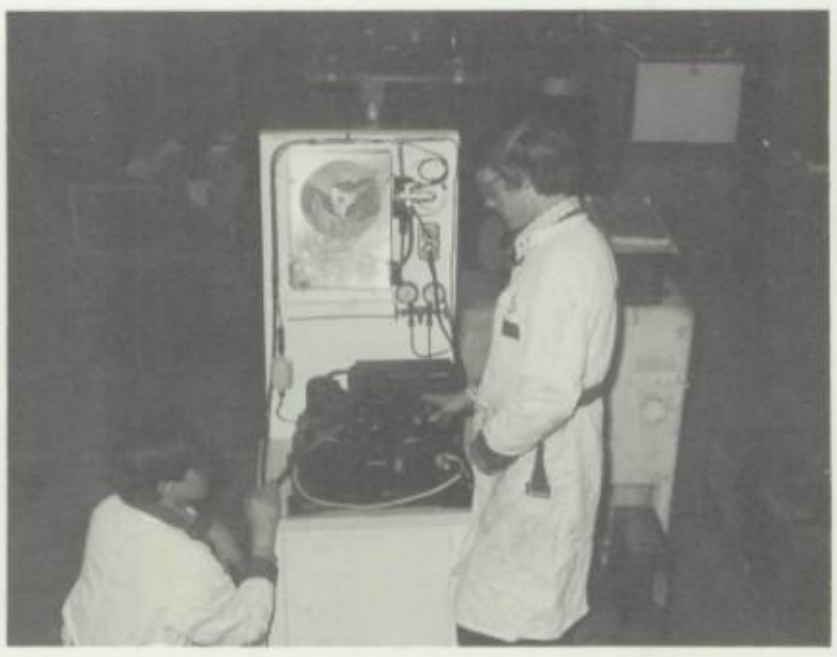
L. Braddock measures accurately for analytical test.

Air Conditioning and Refrigeration

K. Stewart, Mr. Tolson, R. Heine, J. Boyle, P. Jamsky, N. Gazzera, L. Mazzoni, J. Ellison, K. Goins, G. Sherwood, T. Zoppel.

Air conditioning and Refrigeration: Students in this field of training learn all the details of commercial and residental air conditioning and refrigerator repair and maintenance.

Servicing Compressor Unit



Examining Demonstration Unit.

Machine Drafting

BOTTOM ROW: D. Allen, G. Volovnik, H. Salter, E. Hopkins, SECOND ROW: C. Fickenscher, J. Hanna, W. Patrick, B. Haley, D. Moxford, L. Brooks, C. Mitchell, BACK ROW: J. McConaghy, V. Salter, Mr. Haines.

The planning and designing of parts for machines primarily for industrial use comprise the scope of Machine Drafting-a four-year course.

Looking up or looking down, the drafting job is a demanding one. These two students seem to take different views of how to get the job done accurately, but their concentration indicates their determination to do the job at hand well.

Sheet Metal

Mr. Thomasone, K. Champion, J. Sheridon, W. Bonner, J. Traynor, F. Somagy, T. Cusack, J. Coard, E. Shant, R. Grimmy, C. Krouse, H. Vandenberg.

Sheet metal students learn the proper fittings of various metal joints and which ones are appropriate for various jobs.

KNEELING, LEFT TO RIGHT: D. Coutier, D. Hozzard, B. Conti, B. Jones, J. Maron, R. Daniels. STANDING, LEFT TO RIGHT: Mr. Thomasone, A. Malinari, T. Chatmon, M. Weinberg, S. Diobato, J. Rosso, J. Pagliouso, J. Buri, T. Fitzpatrick, H. Snow.

Distributive Education

M. Leftridge, G. Shaffer, M. Querra, L. Quiordana, L. Rardazzo, C. Ralph, J. Saunders, D. Adama, D. DuBois, Mr. Marinoff.

Distributive Education is designed for persons preparing to enter a distributive occupation as employees engaged primarily in the marketing or merchandising of goods or services.

Mr. Weisenstein, D. Taylor, J. Hansen, D. Boyd, J. Dadura, A. Leftridge, T. DiGiovanni, E. Nickles.

Auto Mechanics

LEFT TO RIGHT: J. Alexander, L. Creese, B. Laielli, D. Fleming, S. Drummond, L. Marchione, S. Klein, D. Elan, F. Aiello, A. Sharer, F. Tomarchio, Mr. Lope.

Auto mechanic trainees learn to locate automotive troubles through careful diagnosis, and to perform necessary repairs.

KNEELING, LEFT TO RIGHT: J. McNally, R. Albertson, V. Pangia, W. Ochuzzo, W. Baals. STANDING, LEFT TO RIGHT: Mr. Lope, J. Beggs, T. Hoban, R. Mohrfeld, J. Ashmore, G. Cassidy, M. Loscalzo, G. Reed, S. Prouty, W. Sanders, Q. Still, T. Kunze, R. Mitchell.

Auto Mechanics

FRONT ROW, LEFT TO RIGHT: R. Barton, P. Klotz, R. Moorhouse, C. Luciana, C. Lyons, W. Palmer, J. Tope, R. Geigelman, W. McCooney, T. Amwake, Mr. Hounslow. BACK ROW, LEFT TO RIGHT: S. Davis, M. Console, H. Brooks, H. Weyman, M. Faiola, W. Rulon, C. Clark, J. Bigwood, K. Wilson.

Beginning automotive mechanics students become skillful in knowledge of the parts of the automobile and in making minor repairs and adjustments.

FRONT ROW, LEFT TO RIGHT: R. Dando, W. Hendricks, T. Heritage, D. Morely, G. Putz, K. McCann, J. Lowndes, R. Sadler, BACK ROW, LEFT TO RIGHT: R. Damereau, A. Kitchens, M. Gilligan, K. Franke, R. Lauletta, G. Behnke, A. Mehaffey, B. Henszey.

Carpentry

Mr. Davis, J. Potter, D. Stroup, F. Cole, D. Paggi, J. Rice, C. Sanderson, H. Stove, T Seay, M. Davis, D. Aupperle, A. Weinberg, R. Harris, D. Eaton, C. Kealey.

Carpentry instructs in the area of general building construction from lay-out through the completed project.

Mr. Davis, L. Hemsley, G. Nasuti, W. Kline, J. Scott, E. Templeton, F. Essington, R. Gerkensmeyer, J. Kenan, A. Colli, J. Fisher, A. Busch, F. Parker, E. Howard.

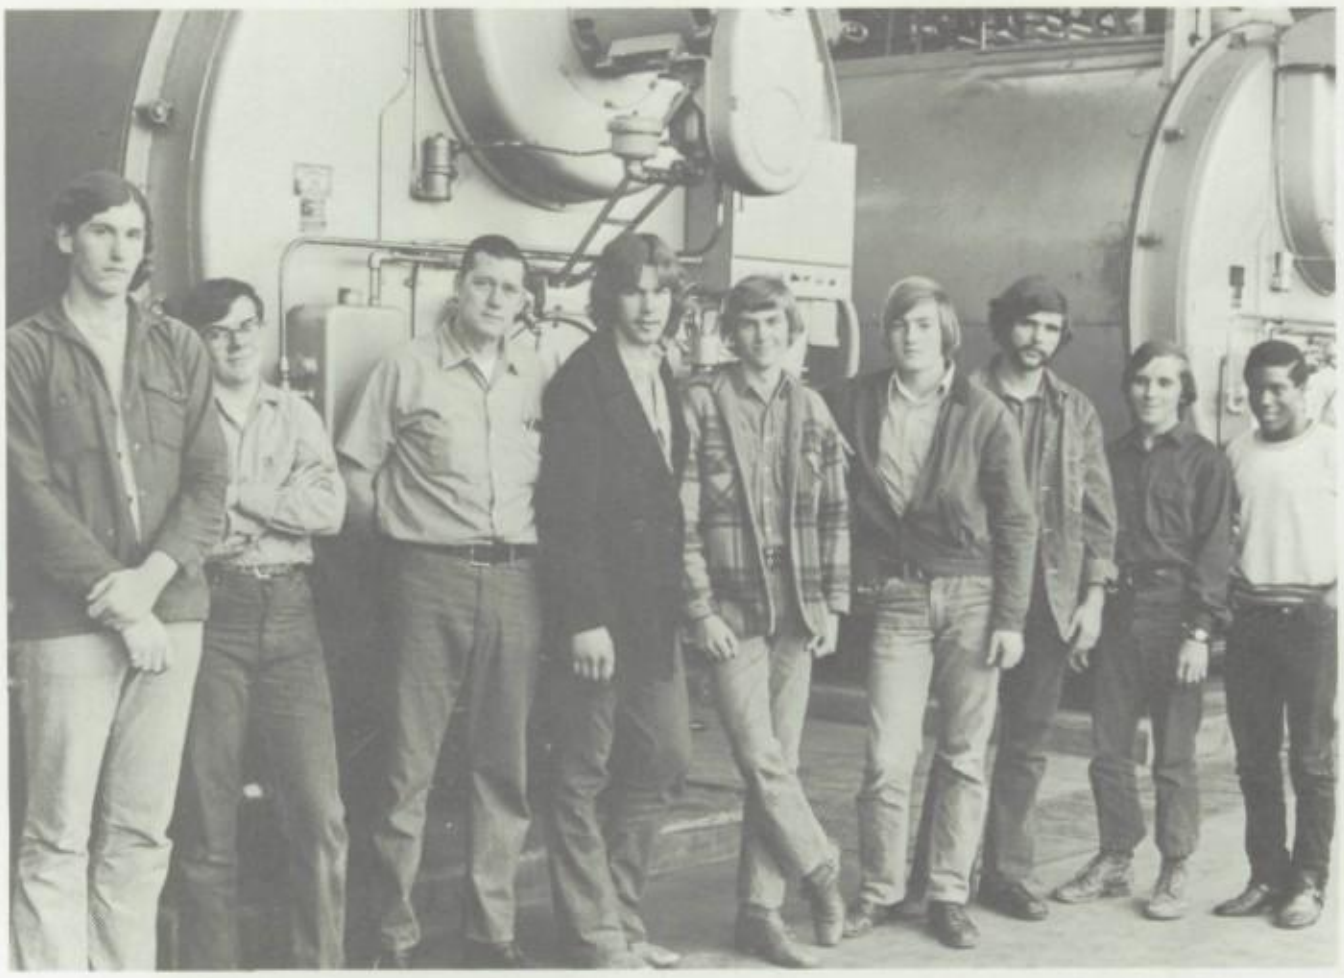
Cabinet Making

D. Speas, T. Muller, S Haas, E. Thomas, K. Gravenor. SECOND ROW: V. Speese, R. McFall, F. Pangia, B. Barbera. THIRD ROW: C. Wilson, P. McKelvey, R. Elwell, R. Richards, K. Wright, M. Jankowski, Mr. Heulitt.

Students of cabinet making experiment with various types of wood, and learn how to sand, paint and refinish their projects.

ROW ONE, LEFT TO RIGHT: M. Shieks, J. Fohy. ROW TWO, LEFT TO RIGHT: Mr. Heulitt, D. Donahue, M. Buckley, J. Vitaglio, J. Wakerly, F. DeBardinos, F. Martidos, L. McKelvey, G. Salter, T. McDermitt, J. Wood, J. Van Dyke, J. Mazzucca, R. Burgess. ROW THREE, LEFT TO RIGHT: M. Lynch, S. Nichols, B. Johnson, M. Massey, J. Buckley, J. Duffy, W. Surynt, V. Milcarek, A. Strater.

Stationary Engineering



LEFT TO RIGHT: J. Anderson, P. Rodgers, V. Green, R. Kyler, B. Harris, M. Turner, J. Fillman, R. Kichorn, G. Smith.

Stationary Engineering: Stationary engineers operate power plant equipment and learn to repair and maintain this equipment.

Working on a boiler.

Insulating pipes.

The tool and die shop is closely allied to the machine shop. The basic work of the shop is diemaking, using a tool (die) in conjunction with a press to shape or cut metal into usable parts or products. These products, called stampings, are provided in quantity and exact duplication by the die; die-stamped parts range from tiny watch and instrument components to larger parts such as automobile doors, fenders, and tops. Cutting, forming or assembling, die tools combine jobs to do the important work of this necessary industry.

LEFT TO RIGHT-V. Scriboni-Treasurer, F. Essington-President, D. O'Brien-Vice President.

Providing leadership for the student body is demanding and time consuming, but these Student Council officers find it to be equally rewarding and enjoyable.

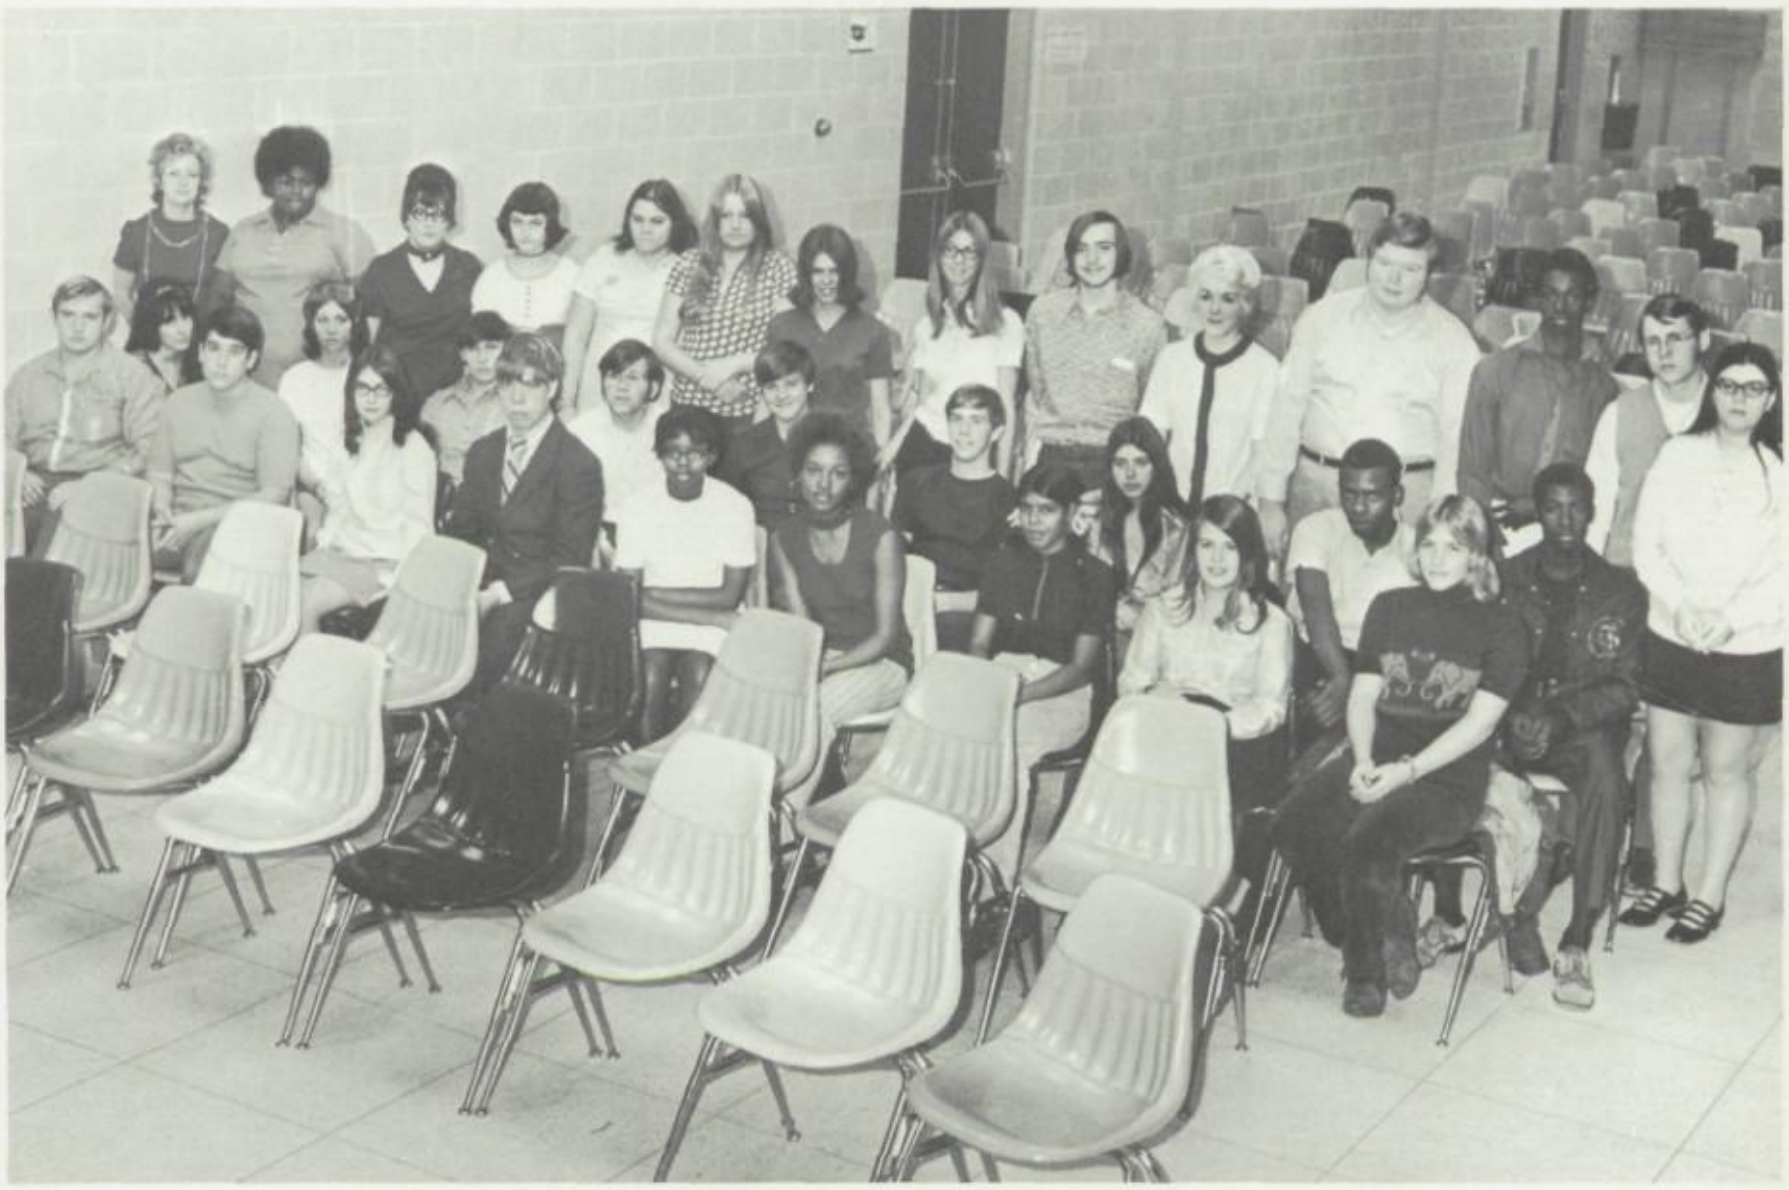
Recruitment

Because of the nature of our school, it is necessary to conduct an effective recruitment program. The purpose of this program is to publicize the offerings of the school, especially to the residents of Camden County; and to be invited into the schools to give an accurate presentation on available courses. It also serves the purpose of formally inviting groups of students to take supervised tours of the campus facilities.

The use of students in this work has been very effective. The students are involved in the presentation by describing and answering questions about their particular trade or technical area in particular, and their aspects of school in general, plus commenting on the slides used to highlight the presentation.

FRONT ROW: L. to R.- D. Johnson, Mr. Perrit, S. Barker, M. Townsend, K. Congdon, V. Salter, T. Smith, R. Plum. BACK ROW: L. to R.-T. Crist, G. McDonald, C. Hann, L. Kerby, A. Hotchner, R. Jones, J. Jacobs.

Tour Guides



The many visitors to our campus - prospective students, parents, state officals, teachers from other schools, industrialists and interested public figures - become the temporary property of our tour guides.

Interested and interesting students who possess the "gift of gab" and who exude charm and wit are those selected for this special activity group. Frequently scheduled, but occasionally called on spur-of-the-moment duty, these guides show our facilities to their charges. They explain activities, and in general present CCVTS to those who arrive for the express purpose of seeing it.

Campus Courier

(LEFT TO RIGHT) T. Devlin, D. Hunt, D. Haddix, D. Johnson, J. Hunnewell, Mrs. Bishop (sponsor). F. Palmer, R. Jones.

A "relaxation break" is often beneficial, as discovered by the staff and sponsor of the Campus Courier, who work diligently to produce and issue our school newspaper.

Even though they look relaxed they are ferreting out news, groaning over photos that didn't turn out right, struggling with the journalistic requirement of 5 W's, and measuring their ems and ens over in the Print Shop. Unique to a vocational school is the combined efforts of a newspaper staff and the print shop students who actually print Campus Courier.

The staff has few meetings and does its work on the run and in spare moments -- while eating lunch, catching an assigned story as classes are passing, checking information with a harried teacher, or even writing up notes on the bus trip home. The atmosphere is relaxed but the steps to publication are quite tense.

SENIOR PROM COMMITTEE MEMBERS-LEFT TO RIGHT. A. Phillips, T. Ambroselli, P. Paul, M. Turner, S. Barker.

JUNIOR PROM COMMITTEE MEMBERS: LEFT TO RIGHT: M. Knoblauch, B. Schultz, S. Tomaziefski.

Thoughts of the prom-decorations, theme, financing, and location are uppermost in the minds of the members of the prom committee.

Junior Class

With all the enthusiasm of a group with a plan, the officers of the junior class have been very busy leading their classmates toward a highly successful year. Their annual junior class candy sale was a big financial effort which proved to be worth the time. It will provide necessary funds for the coming prom as well as for other class expenditures. The cooperative spirit of this class is matchless and they look forward to a senior year of fun and many varied activities.

Sophomore Class

Throughout the year, the sophomore class has participated in such activities as a magazine drive and a student leadership conference. The executive committee is presently working out the details for a faculty basketball game. The magazine drive which lasted for two weeks, became very successful through the hard work of many fine salesmen from each shop. Our officers have done an outstanding job in helping to make the class of "74", one with which anyone can be proud to be associated.

Freshman Class

LEFT TO RIGHT: Mr. Adams, L. Stom (treasurer), K. Brown (president), K. Meehan (secretary).

New to high school and ambitious as can be, the freshman class officers project themselves and their classmates into the full impact of high school under the leadership of their sponsor.

ATHLETICS

Varsity Soccer

The Varsity soccer team finished the season with a 3-11-2 record. The highlight of the season was the double-overtime 2-1 victory over previously undefeated Milville. While the team record was not outstanding the warriors were honored with several awards for individual players-Keith Stewart, All-Southern Division first team; Bruce Bell, All-South Jersey Soccer squad, first team; and Ed Riley, All-State team. Other players recieving honors were, Gerry Standen, Joe Sloss, and Chuck Shearer. The outlook for next year is bright, since the team loses only one member by graduation.

SOCCER-VARSITY FRONT-E. Riley, D. Boruck, G. Friedly, C. Shearer, J. Sloss, C. Smith, J. Fahey, M. Barber, Mr. Hitchner, coach, R. Elwell, C. Luciana, J. Head, K. Stewart, B. Bell, D. O'Brien, G. Standen.

JV Soccer

The Junior Varsity Soccer Team struggled through the first half of the season learning the fundamentals and basics of the game. However, through strong competitiveness their 0-6 record was improved, and starting with a 2-1 win over Glassboro High School they went on to lose only one of their last five games, highlighted by their 1-0 win over C.C.V.T.S. Pensauken Campus. Standouts for the Warriors were G. McDonald, M. Sabitelli, G. Rooney and J. Duffy. Many freshmen displayed potential which should find a greatly improved team in the C.C.V.T.S. future.

LEFT TO RIGHT- G. King, H. Sheurer, J. Potter, L. Stom, B. Egolf, K. Goins, R. Betts. LEFT TO RIGHT- R. Peterman, M. Sabitelli, C. Gray, J. Saba, J. Duffy, K. Wright, G. McDonald, Mr. Adamson, coach. LEFT TO RIGHT- M. Ellison, S. Davis, J. Carter, H. Weymen, J. Mahoney, G. Rooney, G. Prodell.

Boys Bowling

BOYS BOWLING FRONT- E. Howard, T. Pelligrino, W. Baldwin, Mr. Zeck, Coach. BACK-G. Rooney, J. Hunnewell, A. Molinaro, C. Gray.

The boys bowling team 1971-1972 is basically a young squad. Clifford Gray and Anthony Pellegrino lead the team with individual high scores of 212 and 210 respectively. Other outstanding efforts have been turned in by Gray Rooney, Joe Jacobs and Ray Heslin. The keglers upset highly regarded Riverside High School to highlight a season which hopes to provide experience for the future.

Girls Bowling

Girls Bowling

If success is measured in improvement, then the CCVTS Girl's Bowling team had a very successful season. The seven girl squad had two standout victories against Cinnaminson and Riverside. Donna Cianfrani was the most improved bowler going from non-bowler to a high game of 112. Dot Worley, one of our veterans, has improved to a high game of 145, a new record for the CCVTS girl's bowlers. We are looking forward to next season where the experience gained during this year's campaign should help the team smash all existing school records.

GIRLS BOWLING FRONT-M. Townsend, B. Blake, A. Walter, Miss Savoca, coach. BACK-D. Worley, B. Gravenor, B. Hehl, D. Cianfrani.

Varsity Basketball

LEFT TO RIGHT: J. Clerkin - manager, V. Pangia, D. O'Brian, D. Donahue, J. Fisher, J. Mahoney, D. Green, B. Schultz, D. Aupperle, G. Chwastyk - coach.

The first varsity win was against St. James H. S. 52-50. This years' team was lead by Elliot Edwards' scoring and rebounding, who will end up with two hundred seventy five points for this season. Captain Dennis O'Brien is another outstanding performer. J. Fisher, D. Green, and J. Mahoney are effective as rebounders. J. Head and V. Pangia are promising quards. D. Donahue and T. Monroe are good bench strength. An injury to B. Schultz resulted in a loss to team strength. Next year should find an experienced team playing an excellent game.

J.V. Basketball

Highlights of the season were a 2-1 win over Glassboro High in double over time and a 1-0 victory over Pennsauken campus. The team should see many new faces next season as several of the outstanding players move up to varsity competition next season.

J.V. BASKETBALL FRONT ROW-Mr. Hitchner, coach, H. Salters, T. Albright, E. Riley BACK ROW-J. Carter, M. Ellison, J. Fridanzo, J. Standen, L. Denny.

Baseball

In 1971 the baseball team played a mixed schedule - half J.V. games and half Varsity, finishing with a record of 8-5-1. The most outstanding game was a loss! (against Eastern 12-6). Next year the outlook for the team is optomistic, and with hard work will become an outstanding ball club.

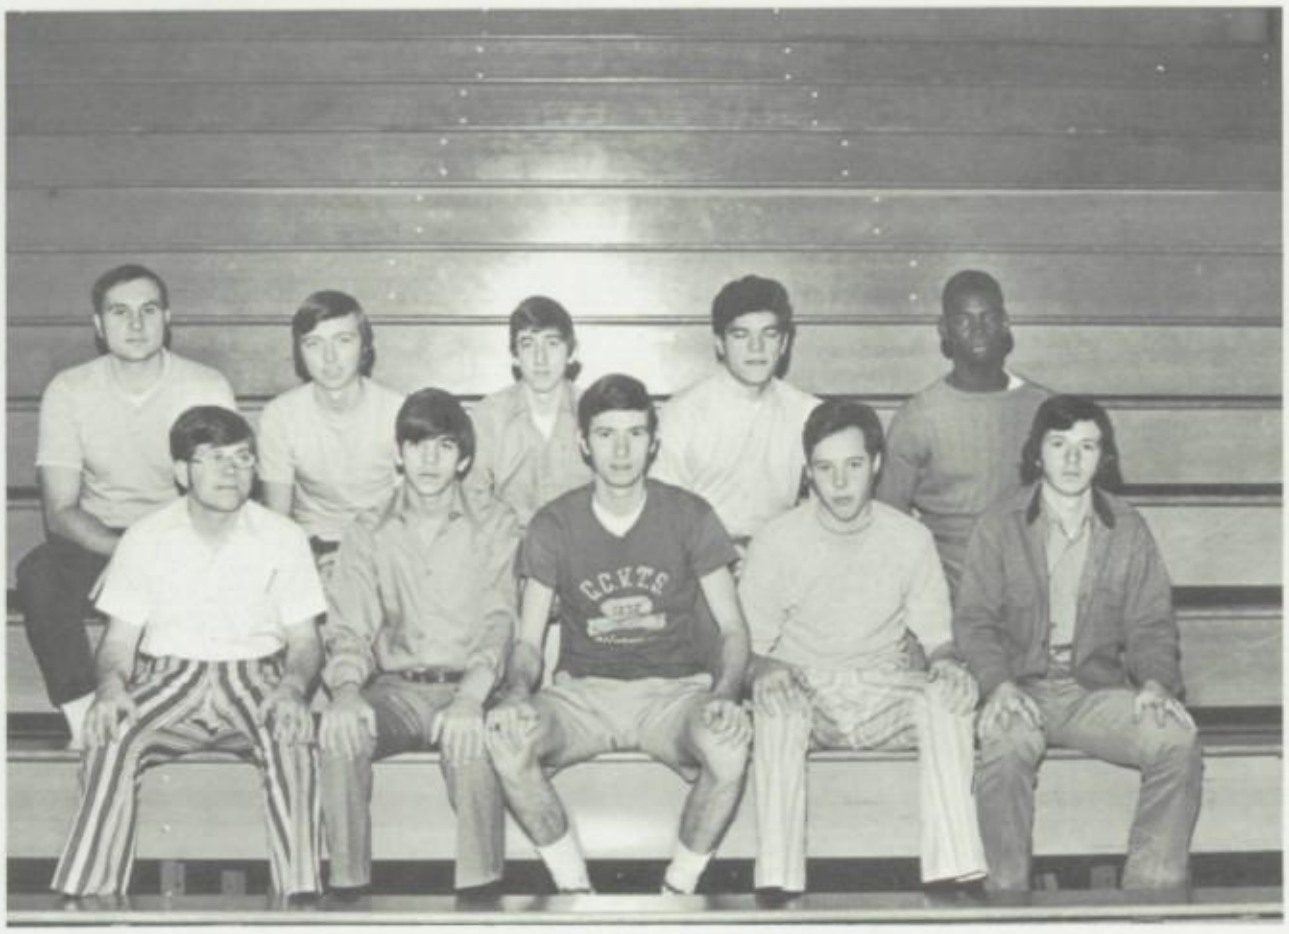
FRONT ROW LEFT TO RIGHT: D. Aupperle, J. Potter, V. Scirboni, Mr. Hitchner, coach. BACK ROW-LEFT TO RIGHT: J. Standen, W. Patrick, J. Popow, B. Schultz, D. O'Brien.

Tennis

The team, small but aggressive, last all of four scheduled matches by 2 points or less each. Tom Muller was the top man on the squad and i returning next year. Returning along with them are Leon Struzinski, Larry Brooks, Joe Duffy, and "Flip" Wilson. An insurge of new comers is also expected which should add to the popularity of the sport as well as improve the team record.

LEFT TO RIGHT: J. Duffy, T. Mueller, L. Brooks, J. Witcraft, coach. Missing: L. Struzinski, G. Wilson.

Track



The track team had a record of 0 wins-5 loses. Bright areas for improvement were V. Pangia in 180 low hurdles, R. Richards in 220 high hurdles, D. Belcher in the 2 mile, and the return of D. Donahue in the 1 mile.

TRACK, FRONT- G. Howard, J. Sada, D. Woolston, V. Pangia. BACK- Mr. Chwastyk, Coach, R. Elwell, R. Richards, D. Angeline, H. Posey.

Golf

1970-71 was the first varsity golf season at C.C.V.T.S., and many young players were out for the first time. They split 2 games with near by Williamstown. This year promises to be a winning year returning plus many new golfers who are expected to try out for the team. The next year brings a tough ten match schedules.

GOLF, Mr. Huryan, coach, D. Brownlow, G. Prodell, P. Saber. TOP- B. Haley, M. Healey.

WRESTLING STANDING-J. Popow, N. Daniello, L. Brooks, A. Prodell, B. Lievers, S. McHowan, M. Van Auken, M. Sabaelli, J. Whitcraft, coach KNEELING-D. Angeline, J. Duffy, K. Goins, V. Scriboni, H. Posey, A. McDonald, G. King, S. Morris.

Junior Varsity Wrestling

The Warrior wrestling team initiated its varsity program this year and have won 2 of 11 matches; however the team members still provided some close matches and produced some outstanding performances. The captain Mike Sabatelli, a one hundred six pounder, who has the two fastest pins of the year and to date a 7-4 record, has a fine chance of finishing the season with 10 or more wins. The outlook for next year is promising. With the exception of senior one hundred sixty eight pounder Shelly Morris, the entire J.V. and Varsity teams are returning, experienced and ready to do credit to the school and its atheletic program.

Cross Country

CROSS COUNTRY FRONT- D. Aupperle, M. Highland, J. Cierkin, K. Williams. BACK- Mr. Hitchner, coach, R. Richards, J. Wentzel, D. Donohue, D. Belcher.

The athlete who runs cross country is an athlete on his own. He is also an athlete at the mercy of the environment in which he finds himself. During cold or wet weather, it is only the super talented runners who can maintain their best stride. This year C.C.V.T.S. had an unusually small team, but what they lacked in numbers they made up in heart.

The next year should see more boys out for the team, running to establish a good record for the school. As we grow in participation we will grow in skills, and hopefully do our bit to put our school on the athletic maps of our area.

Swimming

The warriors swimming team reached the high point of the season defeating arch rival, Pennsauken. Although the entire team consisted mainly of freshmen and sophomores, leaders were two seniors whose experience and ability made itself evident. Gerkensmeyer made an outstanding contribution winning many events in the individual medley, free style and back stroke, while Tom Skobzinski captain, splashed home first in the breast stroke. Lettermen returning next year should improve our team record.

SWIM TEAM FRONT-Mr. Mayor, coach, D. Lord, J. Fahey, S. Murchake, K. Champion, R. McLeod, J. Britt. CENTER-B. Moorehouse, B. Egolf, D. McLaughlin, B. Haley, B. Bonner, J. Galon. BACK-J. Camel, K. Brown, J. Calhoun, R. Gerkensmeyer, T. Skobodzinski.

GIRLS BASKETBALL FRONT-T. Smith, S. Nachman, K. Congdon, M. Guerra CENTER-L. Rindazzo, M. Hill, P. Henry BACK C. Givens, B. Vollmer, J. Jackson Miss. Prevoti, coach.

The girls basketball team is an outstanding team of which the school can be proud. The teams record of this year does not reflect the time and energies put into the team., but at least it is a start for the girl's interscholastic program. High scorers for the season were Cheryl Givens, Joyce Jackson, and Shirley Nachman; also accumulating many points were Vicki Jones and Barbara Vollmer. Many members of the girl's basketball team will return next year to use the experience of this season to its full advantage.

FRESHMAN BASKETBALL FRONT ROW-P. Smith, D. Aupperle, B. Jackson, N. Branco, R. Higgins, V. Piecyk, Mr. Adamson, coach BACK ROW-J. Paguliuso, D. Eaton, G. Albright, T. Lyon J. Turck.

Turning in fine performances all season for the "Frosh" were Glen Albright, Nick Branco, John Carter, Bob Higgins, Dan Gallagher, Bob Lightcap, Trent Lyons, and Chuck Smith. Highlights of the season were a win over St. Augustine High School and a win over Pennsauken. The foundation laid this year is expected to be of great use as the players advance to J.V. and Varsity.

Cheering Squad

FRONT-D. Moxford, C. Mitchell, C. Givens, C. Ralph, K. Congdon. BACK-R. Haddix, V. Houdini, S. Haag.

The CCVTS cheerleaders are now well on the way to becoming a squad of which the school can be proud. Vicki Jones and Cheryl Givens have worked hard as co-captains of the squad. This leadership has been instrumental in pulling the squad together at trying times. Only one member of the squad is graduating. All other members will be returning next year, anticipating and working toward an even more successful season.
